~Learning to Create the World of the Future~

November 1, 2009

To Whom It May Concern:

Jenna Schuessler was a student teacher in my fifth grade classroom for 7 weeks at the beginning of the 2009 - 2010 school year. I am pleased to be able to provide a letter recommending her for a teaching position.

Miss Schuessler was very comfortable and poised right from the very first day with both students, and other staff members. She embraced the team concept and enjoyed taking part in the daily team meetings to plan for instruction. Jenna made it a point to know the names of the students she taught and learned them all very quickly.

She planned effective lessons and was always eager to carry out any recommendations that I gave her. Jenna was very comfortable using technology to effectively enhance her lessons.

In summary, Jenna has displayed the qualities that make a successful teacher. She is dependable, a team player, and is able to learn from others. I recommend her for a teaching position.

Sincerely,

Melissa A. Blatt
